

Workshop on Mobile Health and Environment Sensing

26 May 2015 · Fusionopolis, Singapore
Connexis South Tower, Level 14, Infuse Theatre

Attendance is free, but registration is required: <http://bookwhen.com/adsc>

Welcome & Keynote		14:00-15:00
	Welcome & Introduction Prof. Jesse Delia, ADSC/UIUC	14:00-14:10
	Mobosens – Smart Phone Nanoelectronic and Nanophotonic Molecular Sensing Platform for Mobile Environment Health Management Prof. Logan Liu, UIUC	14:10-15:00
Tea Break & Networking		15:00-15:30
Afternoon Session Chair: Dr. Stefan Winkler, ADSC		15:30-17:30
	Tailoring Artificial Plasmonic Nanostructures to Visible-Near IR Regime: Towards Versatile and Ultrasensitive Plasmonic Biosensors Prof. Qihua Xiong, NTU	15:30-16:00
	Smart Technology for Timely Diaper Change in Nursing Home Residents Dr. Guolin Xu, IBN/A*STAR	16:00-16:30
	Liquid Crystals for Chemical and Biological Sensing Applications Prof. Kun-Lin Yang, NUS	16:30-17:00
End of workshop		17:00
